The way to the city's newest lounge and bar may be unassuming, but once you find your way the handsome Saro Lounge – with its exposed brick walls, leather seats and elegant wood panelling – provide sophisticated settings for a nightcap after a long workday (and also a good excuse to skip the rush hour traffic out of the city). What sets this place apart is its unique LED light feature that's integrated into the ceiling of the main lounge area – we suggest looking up after you've had a few drinks. If you're in a big group, book the Private Room which even comes with karaoke facilities and its own restroom.

The newest addition to Pavilion Elite – the new wing of the mammoth Pavilion Kuala Lumpur mall – is the most hidden yet. After Saro Lounge located behind several restaurants on the eighth floor.

Once you locate the grand wooden door with its name subtly printed on the front, push it open and be greeted by a gorgeous space of rustic wood and plush leather seats. While cozy, it is a pretty large space considering it can comfortably seat a maximum of 150 people at any time.

The grand impression doesn't stop there. A state-of-the-art light feature is integrated into the ceiling and it boasts a multitude of configurations to create different moods. For those who prefer

a little more privacy, Saro has a private room equipped with karaoke facilities and even its own restroom.

Eat, drink and be merry
And what is a bar without the drink? You can expect a wide selection of cocktails infused with Asian flavours, concocted by Jonathan Zarulian, who ran his torch at some of the most famous bars in Kuala Lumpur and Koh Samui. Signature drinks include Saro Sour, Rum Negroni and Signature Monkey 25 for a playful

combination of fresh, floral flavours. Head chef Niggers Nette is behind the menu of fine-tuned items such as the Signature Shells of crispy like poultry topped with beef, chicken, tomato, mushrooms, avocado and smoked salmon. For a heavier meal, the pasta tossed in fusion pesto sauce and served with a choice of chicken or soft shell crab in a good bar. Alternatively, sink your teeth into the grilled Australian beef on skewers marinated with garlic, pepper and mushrooms served with a bowl of garlic food rice.

Kenneth Perumattam, one of the partners behind Saro Lounge, explains that they hope to create an unforgettable experience for city dwellers. "Our vision is to offer Malaysian a business within the city that isn't just about the food and drinks, but the entire experience. An exquisite cocktail paired with flavorful dishes, complemented by eclectic tunes and a comfortable setting for you and your friends – it's about offering a combination that elevates all five senses," he says.

especially fond of the Signature Monkey 25 drink with blue rum, rosemary tonic and a sprig of rosemary. My personal favourite was the Saro Sour – a perfect balance of sweet and sour. Pinchos Tapas, Saro Lounge (11, 12th floor) serves up a variety of tapas. Opening hours: 12:00pm-10:00pm.
